# MainStreet Messenger

Living alone can be an uneasy situation, especially for elderly individuals or those with medical difficulties. **MainStreet Messenger Medical Alert** provided by Central Wisconsin Electric Cooperative allows individuals the satisfaction of independent living and the peace of mind that comes with knowing there is always someone to help.

We have been providing **MainStreet Messenger Medical Alert** to individuals since 1997, with installations in the home, senior care facility, or apartment. **MainStreet Messenger** is a 24-hour, 365 day/year monitoring service. With the touch of a button, the individual is connected with the Response Center. An automated computer system will display all of the subscriber information, such as address, family contacts, and medical history. The unit has a powerful speaker on it that will open up two-way voice communication. If medical help is needed the family contacts and the proper authorities, if needed are notified.

## We offer two different types of units:

### 1. The MainStreet Messenger Unit

This unit is a telephone with the emergency features built in. The phone can be used to dial out or answer calls. This unit comes with a pendant that can be worn around the neck or wrist. If help is needed, a push of the emergency button on the pendant will open up the two-way communication to enable the response team to speak with you and contact the proper individuals for you.

With this unit, our staff provides in-home installation. They will contact you and set up an appointment to install the unit and demonstrate.

### 2. The PERS Unit

This unit is a stand-alone unit with the emergency features on it. This unit also comes with a pendant that can be worn around the neck or wrist. If help is needed, a push of the emergency button on the pendant will open up the two-way communication to enable the response team to speak with you and contact the proper individuals for you.

With this unit, we do offer in-home installation

**The fee for either unit is - \$29.95 per month plus sales tax (no installation fee)**

**Both units require a land line phone jack with long distance service to make them work.**

We are centrally located in Wisconsin, and pride ourselves in being able to provide quality service to you. Our service is available to anyone who needs it, you do not need to be a member of the co-op. It is available to anyone in Waupaca, Portage, Marathon, or Shawano counties.

We do work with a variety of county departments, including the Department of Aging and Social Services, as well as health-care facilities, rehabilitation centers, senior care centers, hospitals, and clinics.

**If you know of someone who could benefit from this, or would like us to provide a demonstration to your group or facility, contact us at Central Wisconsin Electric Cooperative 1-800-377-2932**
